

# BE SERIES BE30

## Electric Torque Wrench Pump

### Features + Benefits

For fast and reliable performance, value for money and safety, Boltite BE Torque Wrench Pump (Electric) Series range is hard to beat.

- Pressure Relief Button, it can release the pressure in system in the case of Pump stopped.
- It can make the special length of remote control wire according to customer's requirement (WREN Standard: 6 meters)
- Light design for reducing weight of whole tool and carrying expediently.
- Pressure adjustor, pressure valve (inside the tank)
- Aluminium frame

### Technical Specification

Model	2	4
Operating Wrench	2	4
Tank Capacity	2.2	2.2
Flow (Low-Mid-High)	7-1.6-0.8L/min	7-1.6-0.8L/min
Output Pressure	70-700 bar	70-700 bar
Source of Power	220V/50HZ	220v/50HZ
Power	1.1KW	1.1KW
Weight	27.7Kg	29.9Kg
Volume	307x407x450mm	307x407x470mm

### Key Features

1. Compact automatic three stage design.
2. Applicable on one or two wrenches simultaneously.
3. Aluminum oil tank with gauge.
4. Have  $\Phi 100$  high pressure gauge.
5. Infinitely variable pressure adjustment between 70-700 bar.
6. With the high efficiency radiator the pump can work 24 hours continuously.
7. Can change the motor to fit the different voltage.
8. Optional components, can operate four wrenches at the same time.
